

Fitting Report for Acetone

Description: Acetone, liquid phase at 10 bar

Source: E.W. Lemmon and R. Span. Short Fundamental Equations of State for 20 Ind...

Temperature: -75.0 °C to 143.33065336986476 °C

Composition: pure fluid

Density: equation to polynomial (4, 1)

Spec. Heat: equation to polynomial (4, 1)

Th. Cond.: no information

Viscosity: no information

Psat: no information

Tfreeze: no information
